Program description

The Joaquin Bustoz Math-Science Honors Program (JBMSHP) is intended for motivated students who are interested in academic careers requiring mathematics, science, or engineering-based coursework and who are typically underrepresented in those fields of study.

Selected participants include first-generation college bound students and students representing diverse backgrounds from high schools throughout Arizona, including rural communities and the Navajo Nation.

Participants are enrolled in a university level mathematics course for college credit. Classes meet online daily. Students partake in tutoring and problem solving sessions along with a variety of academic presentations and activities.

Laptops will be provided for students who demonstrate financial need.

Courses offered

- MAT 117: College Algebra
- MAT 170: Pre-Calculus
- MAT 265: Calculus for Engineers I
- CSE 110: Principles of Programming with Java

Dates: June 13 - July 23, 2021

Location: Online

Cost: Free to attend

Application deadline: February 28, 2021
